

CENTRE FOR NEHRU STUDIES

Co- Ordinator Dr. K. CHITRADEVI Deputy Co- Ordinator Dr. G. RAJESWARI

OBJECTIVES

- To foster academic interest and encourage scholarly inquiry into Nehruvian philosophy, socialism, secularism, and other key aspects of his political thought and governance.
- To establish partnerships and collaborations with academic institutions, research centers, and organizations globally, fostering cross-cultural exchanges, comparative studies, and mutual understanding of Nehru's global influence and relevance.

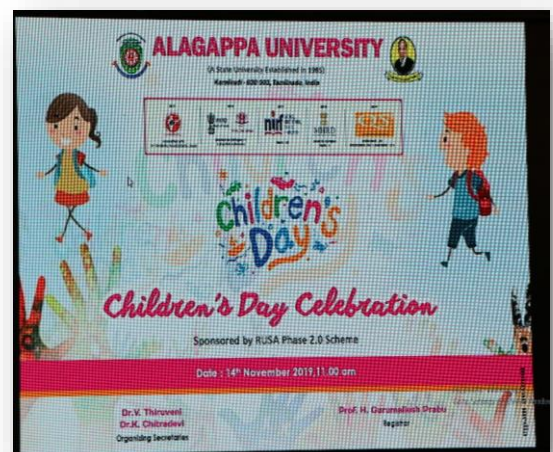

ACTIVITIES 2018 - 2023

CHILDREN'S DAY 2019

Prof. H. Gurumallesh Prabu, the Registrar of Alagappa University, presided over the function. In his presidential address, he conveyed the Children's Day wishes to all and insisted that social media influences the life of children very much, so children should be aware of its evil effects and try to make appropriate utilization of social media.

The keynote address was given by Prof. T. R. Gurumoorthy, the Member of Syndicate, Alagappa University. He stressed that children should develop their innate talents and should try to excel in any one or few fields, so that they would lead a happy and successful life. He inspired the children by narrating few anecdotes of moral values. He further motivated the students to develop self-confidence to succeed in their life. He quoted several life examples and interacted with the children.

Prof. A. Veera Ravi, Special Officer, Planning and Development, Alagappa University, felicitated the occasion. He pinpointed that mere memorization alone will not help in acquisition of knowledge; therefore, children should develop understanding of facts by their own way of thinking.

Dr. M. Chithambaram, the Member of Senate, Alagappa University was the guest of honour. In his special address, he emphasized the children to give respect to their elders. Since peer group impacts childhood, he advised the children to be very careful while selecting their friends. He also encouraged the students to develop knowledge of current affairs from now onwards which would help them to get through the competitive examinations in the near future. The children were very active and interacted with the guest and made the programme very lively.

Medals and Certificates were distributed to the winners and participants of various competitions conducted on account of children's day celebration for students from different schools in and around Karaikudi. The students also performed cultural events as part of the programme. The cultural events by the differently abled children of Alagappa University Resource School were noteworthy.

CHILDREN'S DAY 2022

Alagappa University, Vice-Chancellor Prof. G. Ravi said that basic education of children is given importance in developed countries. While presiding over the Children's Day function held on Monday on behalf of Karaikudi, Alagappa University, Centre for Nehru Studies, he said that children should be given not only text book knowledge but also education that develops life skills along with process education. He said that all the developed countries are giving importance to the basic education of the children, today the teachers instill the self-confidence of the children, the rural students have more skills and abilities if they developed their English-speaking skills, they can make achievements in various fields worldwide.

Alagappa Government Arts College, Associate Professor Dr. M. Chithambaram delivered the keynote speech, Alagappa University, Dean, Faculty of Education Dr. J. Sujatha Malini delivered the felicitation speech. The Vice-Chancellor distributed education materials to differently-abled school students at the children's day function.

Honourable Vice-chancellor gave Assistive Learning Materials to Differently Abled students
